A MESSAGE FROM THE ADMINISTRATIVE JUDGE

On behalf of the Judges of the General Division of the Court of Common Pleas, I wish to take this opportunity to thank you for your interest in our Court.

The year of 2001 was a busy one for the Court and each of its Judges. Each Judge disposed over 1,000 civil and criminal cases during the year. This accomplishment demonstrates one-third more case terminations than the average General Division Judge in Ohio.

In addition to managing ever increasing caseloads, the Court's Judges were active in developing new and innovative programs, and were honored for their contributions to the Community.

Judges Jane Bond and Brenda Burnham Unruh lead a committee which developed a plan for Drug Court for the Common Pleas Court. Judge Mary Spicer will preside over Drug Court beginning in April, 2002.

Judge Patricia Cosgrove provided the Court with leadership in developing new and innovative technology for use by the Judges and Court staff. Also, Judge Cosgrove was elected to serve as a Trustee of the Akron Bar Association.

Judge James Williams was recently elected to serve as President of the Ohio Common Pleas Judges Association. Judge Williams was also honored for his outstanding personal, professional and civic contributions to the community by receipt of the Outstanding Alumni Award from The University of Akron School of Law Alumni Association, as well as the Sir Thomas More Award given by the Catholic Diocese and Akron Bar Association.

Judge Jane Bond was recognized by the YWCA as one of Summit County's 100 Women of Distinction.

Judge James Murphy continues to serve the Court as Monitor of the Summit County Jail, and strives to reduce overcrowding.

Judge John Adams was recently appointed to the Summit County Criminal Justice Advisory Board, and was recently recommended for appointment as a Federal Judge by Senators DeWine and Voinovich.

Many thanks to Judge Ted Schneiderman for his four years of service as Administrative Judge for the Court. He continues to provide valuable assistance in the day to day operations of the Court.

Significant events and accomplishments:

- 1. The Jury Assembly Room was renovated to allow for the enhanced comfort of jurors.
- 2. An additional courtroom was created to meet the needs of an ever increasing caseload and to provide courtroom facilities for visiting judges.
- 3. The Courthouse elevators were replaced to enhance reliability.
- 4. Case management software for civil, criminal and Adult Probation began. The Court has contracted with Proware who has the experience with larger Ohio County Courts to enhance operations and service as well as move forward in centralizing the Summit County criminal justice system.
- 5. Andrew J. Bauer was promoted to Court Executive Officer upon the resignation of Robert G. Heffern.
- 6. A centralized duress security system was installed for all divisions housed within the Courthouse, as well as the Court of Appeals, Clerk of Courts, Prosecutor and Sheriff's offices located downtown.
- 7. The Court in conjunction with Akron Legal News developed a website (www.summitcpcourt.net) to provide greater access and information to the resources of the Court.
- 8. The Probation Department developed a New Sex Offender Unit as well as a Mental Health Unit.

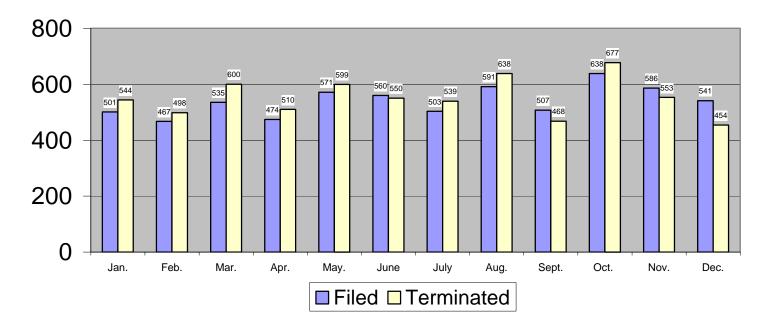

John R. Adams Administrative Judge

CIVIL CASE ACTIVITY

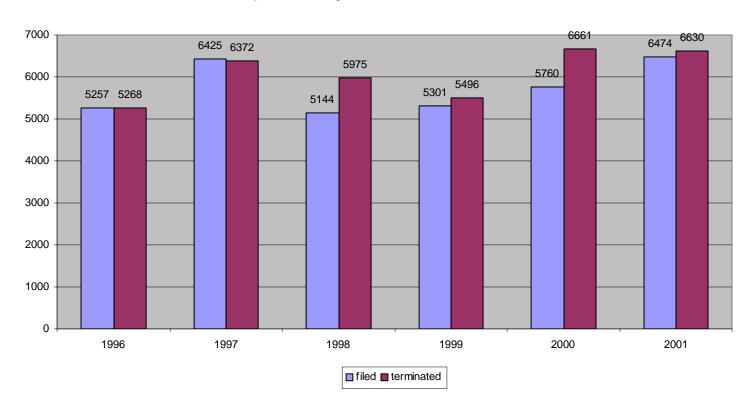

The 6,474 civil cases filed in 2001 show an increase of 714 cases or 12.4 percent above the 5,760 cases filed in 2000. Civil cases terminated in 2001 of 6,630 show a decrease of 31 cases or 0.5 percent below the 6,661 cases that were terminated in 2000. In 1996, the number of new case fillings was 5,257 compared to 6,474 cases filed in 2001 which show an increase of 23 percent or 1,217 cases in total. Civil terminations have increased from 5,268 in 1996 to 6,630 which represents an increase of 1,362 terminated cases or 26 percent. The average civil caseload per Judge was 472 on December 31, 2001, compared to an average civil caseload per Judge of 421 in 2000.

Glen B. Morgan, Summit County (retired) John W. Wise, 5th District Court of Appeals

MEDIATION

In June of 1998 the Court began to offer court-sponsored mediation to parties who have filed suit in Common Pleas Court. Frank Motz, the Court Mediator, mediates cases assigned to him by the General Division Judges. Cases, which can be assigned to mediation, include personal injury, business disputes, workers' compensation, foreclosure, quiet title, and non-payment of student loans. Cases can be selected by the assigned judge or can be sent to mediation because all of the parties have consented. In 2001, 495 cases were settled after referral to mediation.

MAGISTRATE

John Shoemaker, the Chief Magistrate for the General Division, has served the Court for fifteen years. The Magistrate assists the General Division Judges by handling a variety of civil matters assigned to him via general and limited orders of reference. Under Civil Rule 53, the Magistrate can preside over bench and jury trials, and can handle any matters preliminary to litigation. In 2001, as part of his civil duties, the Magistrate presided over 13 jury trials and 30 bench trials.

Under ORC 2903.214, effective 1998, persons are authorized to petition the Court for an anti-stalking civil protection order. The Magistrate has received references on the majority of these petitions. The Magistrate conducted ex parte and full hearings on 28 such petitions during 2001.

Under Criminal Rule 19, the Magistrate can perform some criminal tasks. The Magistrate conducts all arraignments for the General Division Judges. The video arraignment procedure which commenced in 1998 continues. Out of a total of 4754 Defendants arraigned in 2001, 2068 incarcerated inmates were arraigned by video closed circuit television.

Since 1988 the Court has held Settlement Week in early June. In 2001 the Magistrate coordinated settlement week for the $13^{\rm th}$ year. Local attorneys volunteer as mediators to handle the settlement conferences. As a result of their efforts, 67 cases were settled which represents 37% of the 181 submitted.

ADULT PROBATION DEPARTMENT ANNUAL REPORT FOR 2001

The caseload of the Adult Probation Department was 3,238 in 2001 compared to 3,594 in 2000. The number of new probation referrals to this department in 2001 was 2,017 compared with 1,676 in 2000. The number of presentence investigations decreased from 1,781 in 2000 to 1,097 in 2001.

The major development in 2001 was the increases in the number of officers working with specialized workloads and the continuing development of the computerization as the Court moves toward automated case management.

PERSONNEL ACTIVITY

The following personnel activity occurred during 2000:

Additions:

Michelle Kocian Steve Urbon

Separations:

Jennifer Wallace Marianne Gaffga Rene' Watson Michael Hairston Janice Sturkey

PROGRAMS

Pretrial Release:

Steve Urbon replaced John McAleese as Pretrial Release Officer. The judges are considering the expansion of this program as the result of a consultant's comprehensive study which identified the development of a supervision component as an area of need in the pretrial release program.

Community Service/ Work Release:

The duties of the Community Service Coordinator and those of the Work Release Coordinator have been combined. Marianne Gaffga the former Community Service Coordinator, resigned after thirteen years of service to the department. Michelle Kocian has replaced her assuming the duties of this program along with the Work Release and LEADS programs.

Intensive Supervision:

The Intensive Supervision Unit is supervising 250 individuals; as of December 31,2001 and the referral rate remains steady, as has the staff.

The following statistical table includes referrals from all sources (i.e., court orders, transfers, probation violations, etc.) and summarizes the activity of this program during the past five years:

	2001	2000	1999	1998	1997

Successful Completion	194	141	163	95	112
Average Length of Supervision	8.7 mos	9.1 Mos	9.2 Mos	8 Mos	10Mos.

The caseloads of the Intensive Supervision Unit continue to exceed its annual projection of 200 referrals. The average length of supervision was 8.7 months in 2001 compared with 9.1 months in 2000.

Program Development during 2001

During the past year, the department has initiated several specialized teams of officers in response to consultant's study conducted by Dr. Kalmanoff, which point out the need for a more concerted effort by the Adult Probation Department to match specific offenders with specific supervision methods. Assigning specific officers facilitates communication with the relevant agencies and current information relating to particular offender groups. To that end, the department has created the following programs.

Child Support Enforcement Team:

This team consists of three officers who focus primarily on felony child support cases.

Two officers have been assigned the supervision of felony DUI cases along with their regular caseloads.

Job and Family Services (Welfare Fraud)

There are two probation officers assigned to this group of offenders.

Mental Health Team

This team consists of two probation officers who handle the supervision of severely mentally ill offenders.

<u>Sex Offender Unit</u>
The Sex Offender Unit was formed in July of 2001. During the initial month, general cases of the unit's officers were transferred to supervision officers while the unit received sex offense cases. Upon receipt of all cases, three group reporting sessions are scheduled to inform sex offender probationers of the transfer, their assignment to the sex offender unit and for signing of rules and sex offender special conditions. Actual supervision of the cases began in August of 2001. The unit caseload total has increased each month since inception, with an average caseload total of 80. The caseload continues to rise due to increasing arrests/convictions under the "Failure to Register"/"Failure to Notify" statute, also known as "Megan's Law".

Supervision within the field including verification of the registered sex offender's residence has been a primary goal of the sex offender unit. Each month statistics have been submitted for field contacts, collateral contacts and office contacts. The average monthly total contacts for 2001 equaled 151.

The unit meets on a monthly basis with the Portage Path Sex Offender Program's treatment providers as well as with other enforcement agencies including representatives of the Summit County Sheriff's Office and officers of the Adult Parole Authority's Sex Offender Unit. A task force designed to enhance the supervision of sex offenders has been formed between this unit, the Adult Parole Authority, the Prosecutor's Office, the Sheriff's Office, and the Children's Services Board.

The statistical tables on the following pages summarize all other department activity.

PSYCHO-DIAGNOSTIC CLINIC

Psycho-Diagnostic Clinic is the certified forensic center providing psychological evaluations, courtroom testimony and consultation to the Common Pleas (Criminal) Courts of Summit, Stark, Portage, Medina and Geauga Counties. The Clinic also provides these services to Summit County Domestic Relations Court and to Municipal Courts in Summit County. Evaluations are occasionally provided to other courts on a fee-for-service basis. The Clinic is funded by the Ohio Department of Mental Health, the Summit County General Fund, and the County of Summit Alcohol, Drug Addiction and Mental Health Services Board.

Psycho-Diagnostic Clinic is directed by a clinical psychologist board certified in forensic psychology and staffed by a full-time clinical psychologist, a social worker, and consulting psychologists. The Clinic examiners are listed in Table 1.

COURT-ORDERED EVALUATIONS

The Clinic performed 438 court-ordered evaluations in 2001. Sixty-five percent (65%) of these evaluations were provided for Summit County Common Pleas Court and Adult Probation Department. Fifteen percent (15%) of these evaluations were ordered by Stark, Medina, Portage and Geauga County Common Pleas Courts, which the Ohio Department of Mental Health funds the Clinic to serve. Sixteen percent (16%) of Clinic referrals came from Municipal and Domestic Relations Courts in Summit County, which the County of Summit Alcohol, Drug Addiction and Mental Health Services Board funds the Clinic to serve. Three percent (3%) of the evaluations were completed for other courts the Clinic serves on a fee-for-service basis. Juvenile courts accounted for less than one percent of 2001 referrals. Clinic referrals by referral source over the past six years are summarized in Table 2.

Table 3 contains a breakdown of referrals to the Clinic by referral issue over the past six years. The primary referral issues which the Clinic is asked to address are competency to stand trial (37% of referrals), sanity at the time of the act (15% of referrals), drug dependence (27% of referrals), evaluations following a finding of not guilty by reason of insanity (9% of referrals), mitigation of penalty or post-sentence evaluations (7% of referrals), and evaluations for indigent families for Domestic Relations Court (5% of referrals).

CONDITIONAL RELEASE MONITORING

In 1985, Psycho-Diagnostic Clinic developed a monitoring program for Summit County Common Pleas Court to follow defendants found Not Guilty by Reason of Insanity who were committed to community mental health treatment on conditional release status. This monitoring program has ensured that these individuals are provided appropriate treatment and that, if their adjustment in the community deteriorates, they can be readily hospitalized. Dr. Stafford gave a presentation on this conditional release program to the National Association of State Mental Health Program Directors' Forensic Division in September 2001.

Information on the number of individuals monitored on conditional release commitment under the jurisdiction of Summit County Common Pleas Court over the past six years is presented in Table 4. In 2001, the Clinic monitored a total of 48 individuals committed to conditional release by the court. Ten individuals were newly committed to treatment in the community on conditional release. Seven individuals were successfully discharged from conditional release commitment in 2001. Only one of these 48 clients required revocation of conditional release and hospitalization. The number of revocations has dramatically decreased from the eight revocations that occurred during a six-month period in 1998-1999. This decrease in conditional release revocations is the result of greater reliance on Clinic second opinions regarding when NGRI patients are ready for discharge from the hospital to conditional release commitment in the community. Psycho-Diagnostic Clinic works closely with Community Support Services in Summit County to ensure that conditional release clients and mentally ill probationers receive the services they need to make a successful community adjustment.

RESEARCH AND TRAINING.

The Clinic continued to collaborate in research and training activities with the Kent State University Department of Psychology, the Ohio Department of Mental Health, the Northeastern Ohio Universities College of Medicine (NEOUCOM) and the Cleveland Veterans Administration Medical Center in 2001. Two doctoral students from the American Psychological Association (APA)-approved training program in clinical psychology at Kent State University served placements at Psycho-Diagnostic Clinic. Six psychiatry residents from the NEOUCOM Psychiatry Residency program served forensic rotations at the Clinic one day per week as part of their training. The results of research data continue to be published in refereed journals and presented at professional meetings. Research and publication activity is not funded by Psycho-Diagnostic Clinic.

JURY MANAGEMENT

Each year, on the first working Monday of September, the Summit County Court of Common Pleas Jury Commissioners perform the annual jury draw. Potential jurors are selected from the voter registration list as certified by the Board of Elections from the preceding general election. The annual draw is performed pursuant to O.R.C. section 2313.06 et seq. Prior to performing the draw, the Presiding Judge designates by order, the number of jurors to be summoned for each court jurisdiction in Summit County, that being Common Pleas Court and Akron, Barberton and Cuyahoga Falls municipal courts. Furthermore, the Jury Commissioners also draw jurors for Grand Jury pursuant to O.R.C. section 2313.06 et seq.

From the annual jury list, jurors are drawn for each of the four month sessions of court within the jury year pursuant to O.R.C. 2313.19 et seq. The sessions commence on the first working Monday of September, January and May. The Jury Commissioners, in the presence of the Presiding Judge, the Sheriff and the Clerk of Courts draw the number of jurors previously designated for that session by the Presiding Judge. Upon completion and recording of the session jury lists, the jurors are summoned, using a one step summons and questionnaire.

Jurors who receive summonses are asked to return the questionnaire portion, providing a certain amount of information. The questionnaire also provides jurors with an opportunity to notify the court that they are eligible for an exemption, pursuant to O.R.C. 2313.12. Any person eligible for an exemption may waive that exemption. Depending on information provided by the jurors, they may also be excused for a limited number of reasons pursuant to O.R.C. section 2313.16. The Jury Commissioners are solely responsible for determining which jurors' exemptions are valid, and which jurors may be excused.

Jurors selected for Grand Jury were required to serve a four month term. Beginning May 4, 1999, the Grand Jury was reduced to a 2 month session to ease the burden on people called and to get more county residents involved in the justice system. The process for selecting the Grand Jury from the pool of jurors summoned for each session is governed by Crim.R. 6. Once the Grand Jury is selected, those jurors now serve for 2 months.

Beginning September 14, 1998, the term of service for Petit Jurors was reduced from 2 weeks to 1 week/or 1 trial. This was done in order to make jury service less of a hardship and to increase participation due to the recent changes to legislation governing excuses and exemptions. For the 2001-2002 jury year 40,000 jurors were drawn for Summit County, 10,000 for Akron Municipal Court, and 5,000 each for Barberton and Cuyahoga Falls Municipal Courts. These jurors are then divided equally between the three sessions of court, and summoned to one week of service within the four month session to which they were selected.

Petit jurors are paid \$20.00 per day for the first ten days of actual service. Jurors who serve more than ten days are paid \$30.00 per day for each subsequent day. Increase of juror fees became effective March 6, 2000.

*In the past the dollar amount reported was the amount billed to the municipal courts. Commencing with 1997, the amount will be the dollars actually paid as reimbursements for jury fees by the municipal courts. The difference between billed and paid is the result of state code violations tried in municipal court and for which they do not reimburse jury fees pursuant to ORC 1901.25
