MESSAGE FROM THE ADMINISTRATIVE JUDGE

I have been honored to act as the Administrative Judge of our Court for the last three years. We have been through many changes and challenges and I continue to be impressed with our employees. 2009 was, unfortunately, all about the declining budgets for government at every level. In the face of budgetary pressure, the accomplishments of the Court could not have occurred without our talented staff and I want to particularly thank Andy Bauer, the Court Executive, for his tireless efforts.

To reduce overall salary costs, Summit County offered buyouts to employees. Nine of our employees left to pursue other opportunities. But since all of the Court's employees had been cross-trained we were able to downsize without loss of service to the community. I am proud to note that this Court is one of the few county entities which has not had to implement layoffs of full time employees or mandatory furloughs.

Since assuming the Administrative Judge position in 2007, I have watched our Adult Probation Department blossom. In 2009, Arian Davis took the helm as Chief and Laurie Fisher and Mike Klamut were promoted to supervisors. The management team is working towards the goals it set for itself. Among other changes, the Court adopted a specialized protocol for mentally ill offenders in which the Judges agreed to meet monthly with the probationer to ensure compliance, particularly with medication. I am looking forward to the 2010 assessment to measure how closely the goals have been met.

Thanks to the hard work of Pretrial Supervisor (and grant writer), Natalie Michailides, the Court received grant funding to allow risk assessments of all those on probation. We filled the positions in 2009 for work beginning in 2010. Our Court is a pilot for the use of the Ohio Risk Analysis Tool. Each one of our probationers will complete the instrument allowing them to be placed appropriately. This previously unavailable information will put each offender in targeted programming and allow us to balance caseloads among probation officers.

In addition, the Reentry Court, a specialized docket for those granted judicial release from prison, which started in 2006, was in danger of losing all of its funding in spite of its success. In December, the Ohio Department of Corrections, in an unprecedented move, agreed to provide funding to keep reentry case management as well as expand by one court. In January, Judge Judy Hunter will start the fourth reentry docket. Overall, the Reentry Court graduates have a recidivism rate of less than 17%, one-third of the rate at which any other returning felon reoffends.

The Psycho-Diagnostic Clinic entered a period of transition with the departure of its long time chief, Dr. Kathy Stafford. Dr. Brian O'Reilly became the interim director and served ably until taking a new position in Columbus. Due to funding cuts, the Clinic will be working with the State of Ohio and the ADM board to position itself for continued service in 2010.

The Court also began the process of launching a new website, due in 2010. The new design will be more functional and will allow individual courts to produce content. It will link to other county websites to permit efficient case management searching.

In closing, I again thank my colleagues on the bench for their continued support and trust in electing me Administrative Judge for the past three years. It has been a pleasure to serve the court and the people of Summit County, however, I look forward to passing my administrative duties to Judge Patricia Cosgrove.

Sincerely,

ELINORE MARSH STORMER

CRIMINAL CASES

MEDIATION 2009

In June of 1998, the Court began to offer court-sponsored mediation to parties who have filed suit in Common Pleas Court, under the direction of Frank Motz, Chief Court Mediator. Cases are mediated as assigned by the General Division Judges. Cases that can be assigned to Mediation include personal injury, business disputes, workers' compensation, foreclosure, quiet title, and non-payment of student loans. As a result of a new program in 2009, to mediate foreclosure cases, over 1,000 foreclosure cases were sent to Mediation. Of those cases, 359 were settled and over 409 are still pending. Cases can be selected by the assigned judge or can be sent to Mediation when all of the parties have consented. In 2009, 1,057 cases were settled after referral to Mediation.

FELONY DRUG COURT 2009

The Summit County Felony Drug Court (SCFDC) is an innovative program available to felony drug possessions/abuse offenders county-wide, taking offenders from all three Municipal Courts within the county - Akron, Barberton, and Stow. This program is intended to swiftly introduce drug possession/abuse offenders to drug treatment with continuing judicial involvement, to increase the likelihood of rehabilitation and reduce the likelihood of recidivism. It is a collaborative effort between the courts, prosecutor's office, law enforcement, defense attorneys, and treatment providers, to provide offenders with mandatory treatment, increased supervision, and coordinated use of community resources with the following goals in mind:

- 1. Consolidate service delivery to Summit County Felony Drug Court clients.
- 2. Reduce the incidence of substance abuse among the adult felony offender population of Summit County.
- 3. Reduce recidivism among drug possession/abuse offenders and contribute to community safety.
- 4. To provide the courts with another sentencing option to serve the needs of the felony offenders in Summit County in order to reduce the use of state prisons and local jail facilities.
- 5. To enhance the education level of the adult felony drug offender population.
- 6. To increase the rate of employment among adult felony drug offenders.
- 7. To enhance the participant's ability to function in the community.

This post-adjudication program experienced tremendous growth in 2009. There were 115 intakes and 175 active participants as of the end of December 2009. This is an 11% increase over the previous year.

ADULT PROBATION ANNUAL REPORT FOR 2009

DIRECTOR'S NOTES

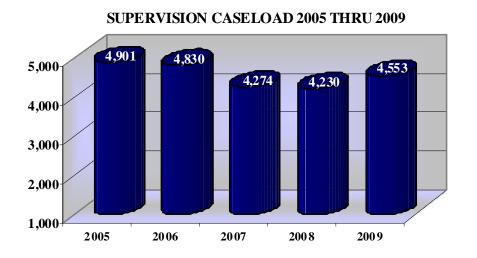

The year 2009 brought many changes to the Adult Probation Department. It was the final year for training in Evidenced Based Practices (EBP). It was also the year that the Department downsized operations due to the fiscal climate within the County. As a result, the Adult Probation Department's North and South Branch offices were closed and the offenders that normally reported to those locations were redirected to the main office. Staff levels decreased due to the Volunteer Separation Program (VSP). As a result of the VSP, there were three positions that were not replaced, along with a part-time position, which was eliminated due to budgetary concerns.

Despite the impact of those occurrences, the Adult Probation Department continued to evolve and move closer to the goal of achieving EBP as a philosophy and a standard of operation. During 2009, several staff took part in an initiative for a state based risk assessment instrument, the Ohio Risk Assessment System (ORAS). The Summit County Adult Probation Department was one of only a few county agencies, statewide, to have the opportunity to be trained and to pilot the ORAS. Because of this early involvement and support of the state's efforts, the Department is now involved in regional training of other agencies. The Department's commitment to this endeavor led to the creation of three, grant funded, assessment officer positions.

Finally, in an effort to create a more offender-oriented approach to community supervision, the Adult Probation Department has instituted Saturday reporting. Weekend reporting is available to offenders twice a month as an opportunity to maintain compliance with probation rules without jeopardizing employment to attend probation meetings. Currently, probation staff works weekends on a voluntary basis. Offender response to this initiative has been positive. In the coming year, it is the goal of the Adult Probation Department to continue to move forward and to continue to embrace opportunities to evolve and further support the efforts of the Court of Common Pleas.

The number of offenders under supervision at the Adult Probation Department at the end of 2009 was 4,553 compared to 4,230 in 2008.

RACE

Caucasian referrals numbered 1,460 while African-Americans accounted for 1,443 of the offenders placed on supervision. There were 55 placements of various ethnicities, such as Hispanic or Asian decent, and 205 cases were undetermined.**

OFFENDERS BY AGE

The following is a breakdown of Offenders by Age for 2009:

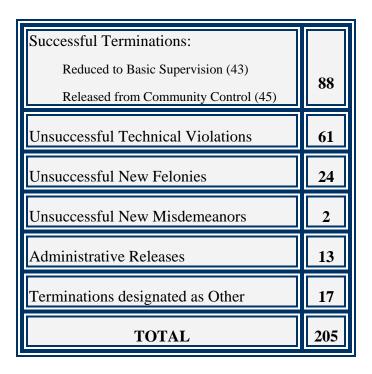

^{**}Demographic information for 205 Undetermined cases was not available. These cases were courtesy supervision cases and non-conviction cases. Due to that factor our current case management systems does not track those particular cases.

INTENSIVE SUPERVISION UNIT (ISP)

The Intensive Supervision Program (ISP) is a stated funded program that was provided to the Adult Probation Department in 1990 as an alternative to prison incarceration. In 2009, 145 felony offenders were diverted to ISP. The Intensive Supervision Program continues to consist of one (1) supervisor and four (4) probation officers.

During 2009, there were 205 Terminations from the ISP Unit. The following table contains the details of those Terminations.

TERMINATION OF SUPERVISION AND SENTENCING STATISTICS

During 2009, there were 951 supervision cases that were closed due to expiration. An additional 630 cases were closed due to early termination and administrative closings by the Court. A total of 1,581 cases were closed for the year.

Incarceration remained the primary method of punishment for offenders who were non-compliant with the Court's directives. In 2009, 831 offenders were sentenced to the Department of Corrections, 121 offenders were sentenced to the Ohio State Reformatory for Women, and 46 sentencings were to the Summit County Jail.

The aforementioned incarcerations were the result of recommendations due to Community Control Violations (726), Pre-Sentence Investigation Reports (283), and non-compliance with the Intervention in Lieu of Conviction statute (4).

PRE-SENTENCE INVESTIGATION UNIT (PSI)

The Pre-Sentence Investigation Unit consists of five (5) full-time Pre-Sentence Investigation writers, which includes specific writers for sex offense and domestic violence cases. The Pre-Sentence Investigation Unit completed 703 Pre-Sentence Investigation reports in 2009. Included in that total was the completion of 42 Sex Offense PSIs and 79 Domestic Violence PSIs. The sex offense reports also included a psychosexual assessment and a Static 99 Risk Assessment completed by Summit Psychological & Associates.

VICTIM IMPACT STATEMENTS

The Adult Probation Department completes Victim Impact Statements when Court ordered or when the victim is clearly identified and information is obtainable. For confidentiality purposes these statements are presented in a sealed green envelope. In 2009, our writers completed 354 Victim Impact Statements.

FELONY DUI SUPERVISION

In 2009, the Felony DUI Unit supervised 37 offenders. Of these offenders, 32 were male and 5 were female. These offenders are required to submit to weekly reporting, mandatory 12-step/self help attendance, alternate sanctions and treatment. During 2009, eight (8) offenders (male) successfully completed supervision. Four offenders (two male, two female) were returned to Court for violations. Of the four violators, two were violated for probation violation (one male, one female). Another (female) was violated for a new felony arrest, while another one (male) for committing a new Felony DUI offense. Of the four, two were sentenced to the Ohio Department of Corrections (1 male, 1 female), and the other two (one male, one female) were given alternate sanctions. In the upcoming year, this unit will be increasing its use in the SCRAM Personal Alcohol Monitoring System to insure compliance, as well as more random alcohol screens.

DOMESTIC VIOLENCE UNIT

The Adult Probation Department has specialized supervision of domestic violence offenders in conjunction with grant monies, provided by the Summit County Prosecutor's Office, through the Federal Grants to Encourage Arrest Policies and Enforcement of Protection Orders Program. Supervision of these offenders is accomplished through frequent contact with the supervising Probation Officer, participation in a Batterer's Prevention Program or other appropriate counseling and treatment programs, and victim contact by the Probation Officer. As of December 31, 2009, 337 domestic violence category offenders were under the supervision of General Supervision Probation Officers and the Domestic Violence Unit Specialist Officer. Officers had over 5,700 contacts with offenders in the office, by phone and in the field. During 2009, 104 offenders successfully completed supervision.

Officer Kelli Anderson and the Pre-Sentence Investigation Unit completed 50 specialized reports on Domestic Offenders. The Department also works closely with the local Victim Advocates to help insure victims remain safe and are represented in the probation system.

MENTAL HEALTH UNIT

The purpose of this unit is to supervise individuals diagnosed with a severe mental illness that hinders their ability to function on a daily basis. Collaborative efforts have continued to be maintained with the Summit County Jail Behavioral Health Unit, C.I.T., and the mental health agencies in the community to meet the needs of this specialized population with the help of the Alcohol, Drug and Mental Health Board of Summit County.

The Mental Health Unit consists of two Probation Officers whose caseloads are determined by the level of functioning of the individual. This results in a smaller caseload for the officer so he/she can better supervise those that require more intense monitoring. There were 99 new offenders assigned to this unit in 2009. Moreover, 68 individuals were successfully released from supervision.

During the latter part of 2009, the Court approved a new protocol for mentally ill offenders, which involves a greater amount of communication with the Court to identify those with a chronic mental illness early in the Court process. Additionally, these offenders are subject to closer monitoring by the Court as well as being assigned to specified Community Support Services case managers.

SEX OFFENDER UNIT

Two Probation Officers are currently supervising the Sex Offender caseload. The purpose of this unit is to supervise individuals convicted of any sexually related offense, while assuring the compliance of the Adam Walsh Act, as well as the safety of the victims and the community.

During 2009, the Sex Offender Specialists teamed up with local law enforcement agencies, the Adult Parole Authority, the United States Marshals, Summit Psychological Associates, Inc., and Portage Path Behavioral Health to assure compliance. The Probation Officers who are assigned to this caseload are part of the Summit County Sexual Assault Coalition and the Summit County Sex Offender Taskforce.

The Sex Offender Unit utilizes field contacts to make sure that offenders are registering their address as directed with the Summit County Sheriff's Office. In 2009, the Sex Offender Unit conducted 759 field visits to offenders' residences. The Sex Offender Unit also utilizes community or collateral contacts to verify its offender's compliance to the Rules of Probation and to the Sex Offender Specific Rules of Probation. In 2009, the Sex Offender Unit made 2,082 contacts to family, relatives, treatment providers, and other community contacts. Continuing education is vital to the supervision of sex offenders and the Sex Offender Unit has completed 155 combined hours of sex offense related training. Due to the intensive nature of sex offender supervision, the Sex Offender Unit completed 2,229 office visits in 2009. At the end of the year, the Sex Offender Unit's total caseload was 135.

In 2009, the Sex Offender Unit participated in a county-wide address verification sweep for all sex offenders residing in Summit County. Probation Officers, along with authorities from thirteen other local law enforcement agencies, verified the addresses of every sex offender who registered in Summit County.

COMMUNITY SERVICE

670 new referrals were accepted into the Community Service Program, interviewed, placed in an agency and monitored through completion in 2009.

The statistics are as follows:

Court Ordered Sanctions: 84 clients.

Terminated and returned to Court, due to noncompliance: 7

Community Service in lieu of paying court costs and probation fees: 586 clients

Terminated for failure to work or for behavioral problems: 134

Costs waived due to medical problems: 4

Clients who chose to pay off costs, after being placed in an agency: 13

Per Miscellaneous Order 450, offenders who have completed at least half of their supervision term, who have been fully compliant and who fall under poverty guidelines, can be recommended to work Community Service hours in lieu of paying court costs and/or probation fees.

Under these guidelines, in 2009 there were 57,470 hours of Community Service work performed in lieu of paying court costs and supervision fees. At a base rate of \$8 an hour, this figure is equivalent to: \$459,760.

20 new agencies were recruited and agreed to accept Community Service workers on a regular basis.

RE-ENTRY COURT

The Reentry Court Program began in 2006 and has continued to receive funding to keep the program afloat. Currently there are 101 active clients. Since its inception in 2006, nearly 70 clients have successfully graduated. The program has expanded with the addition of Judge Judy Hunter coming on board in January 2010. Lorri Dunn also became part of the Reentry team as a Reentry Coordinator in January 2010.

LEADS

Terminal Agency Coordinator (TAC) Michelle Kocian compiled the following statistics:

- Per documentation from LEADS records (available upon request), operators in the Probation Department ran a total of 82,964 LEADS printouts for the Probation Department, Court of Common Pleas, Drug Court, Reentry Program, Psycho-Diagnostic Clinic and Pretrial Services.
- Operators from Pretrial (who work at the jail terminal) ran approximately 12,320 printouts.
- 3 employees were trained and certified to be LEADS operators, for a total of 21 operators in the Department: Linda Backer, Barb Killian and Christina Hartman.
- Seven operators were recertified (a bi-annual requirement): Bill Daniels, Kerri Defibaugh, Ashley Frank, Mike Klamut, Stefanie Theus, Shiloh Geier and Jackie Shannon.
- Five (5) employees were trained as Practitioners. This training includes overviews of the capabilities of LEADS, administrative and security rules and authorized use and dissemination of information. Tim Barrage, Stacy Smith, Holly Trivett, Lori Long and Michelle Longoria.
- Karyn Rogers was certified to be an Assistant TAC and traveled to Columbus for mandatory training.
- Michelle Kocian completed mandatory annual TAC in-service training, which was provided on line for the first time. Verification was sent to Columbus.

- All LEADS reference material was updated and provided in new manuals for our operators. This includes LEADS Security Policies, Administrative Rules, Operators Manual and CCH manual.
- The continuous feed "tractor" printer in room #221 was replaced with a laser jet printer, saving the Court approximately half the cost in paper and ink supplies.
- All operators reviewed newsletters, manuals and training materials throughout the year, which was documented.

SEALING SPECIALIST

The Sealing Specialist is responsible for the processing of all sealing applications filed with the Clerk of Courts. This employee schedules and conducts all interviews with sealing applicants and performs all the required research before a written report is prepared for the Court. The guidelines and criteria associated with a sealing request are specifically outlined in the Ohio Revised Code. In 2009, there were 349 applications filed with the Clerk. The Departmental Sealing Specialist completed 406 reports.

FINANCIAL ENFORCEMENT SPECIALIST

The Financial Enforcement Specialist determined, established, and monitored restitution cases as ordered by the Court. In 2009, \$1,866,539.42 was established with the Clerk of Courts and \$534,796.83 was collected in restitution payments. Currently there are 732 cases being monitored.

INTERVENTION IN LIEU OF CONVICTION

Offenders are granted Intervention in Lieu of Conviction (IILC) with substance abuse treatment ordered by the Court. Upon the successful completion of a treatment program, verification of ongoing sobriety by means of regular random urinalysis testing and the commission of no new offenses, the offenders are eligible for the dismissal of their pending charge.

There are two IILC Officers who supervise a total of 320 IILC cases. In 2009, the unit had 231 new referrals and 120 cases were closed successfully.

INTERVENTION IN LIEU OF CONVICTION ASSESSMENT OFFICER

A total of 307 assessments were completed for Intervention in Lieu of Conviction (IILC) in 2009, with a turnaround time of two weeks or less. IILC has been successful in reducing the time from arraignment to final disposition. This allows the offender to start treatment early in order to maximize treatment outcomes and reducing court costs. In July, the Ohio Risk Assessment was incorporated into the IILC assessments.

QUALITY AND OUTCOME IMPROVEMENT COMMITTEE

The Quality and Outcome Improvement Committee was formed in June 2008. The goal of the Committee is to improve the quality of services provided to Probationers, the Courts and the Community, thereby reducing recidivism and increasing public safety. This Committee is focused on the training and implementation of Evidence Based Practices by the Adult Probation Department. The Committee consists of 14 staff members, which includes Supervisors, Probation Officers and Support Staff.

In 2009, the Committee organized training in Motivational Interviewing, both basic and advanced courses. The Adult Probation Department Staff was required to attend both training sessions. Also the focus was on assessment instruments as five (5) Officers were trained with the Ohio Risk Assessment System, which includes a pretrial tool, a pre-screener tool and a supervision tool. One (1) of the Officers was also trained as a trainer of these tools.

The Committee has developed an agenda for 2010 that is geared to continue to move the Adult Probation Department towards Evidence Based Practices. A large amount of time will be spent on training the staff on using the assessments and developing case plan agreements with the results of those assessments.

DNA COLLECTION

Ohio law requires that all persons convicted of a felony and/or a qualifying misdemeanor, submit a sample of their DNA to the Bureau of Criminal Investigation (BCI). Intake personnel perform DNA tests Monday through Friday, from 8:30 a.m. until 3:00 p.m., from any and all persons reporting to Intake for the first time, who meet the criteria and have not previously submitted DNA.

Intake secretary, Barbara Killian, is the primary person responsible for collecting DNA as of January 4, 2010. Christina Hartman, Pat Marotto, Karyn Rogers, Jackie Shannon and Debbie Rians help Barbara collect DNA on an as needed basis.

In 2009, a total of 1,224 samples of DNA were collected.

SUPPORT STAFF

Janet Long, Clerk Typist II, retired in April 2009. The remainder of the Support Staff group absorbed Janet's clerical responsibilities.

Two additional secretaries became certified as LEADS operators in 2009.

Support Staff accepted the following additional job responsibilities in 2009:

- □ Two additional call days due to two new Judges (Judge McCarty and Judge Rowlands).
- □ An additional mail run in the morning each day to the Courthouse.
- □ Clerical support to the Pretrial Supervision Unit.
- □ Entering vehicle mileage logs each month into the computer for the Auditor.
- □ Coverage for the Receptionist and the Intake Dept. for lunch hours.
- □ Entering urine drug screen test results into the SCORS Database.
- □ Saturday reporting assistance and scheduling.

INTERNS

The Adult Probation Department makes regular use of college interns. Students from The University of Akron, Kent State University and Brown-Mackie College worked as interns with the Department in 2009. The Department supports and encourages these college interns by exposing them to all aspects of offender supervision. The past year has shown a marked increase in the number of students who desire to train with this Department. We have been able to increase the number of students we are taking during each semester. This year students from the Brown-Mackie Business Management Program have worked with the support staff allowing us another opportunity to foster the success in their careers and the community. Three officers in the Department were interns through this program before joining the Court of Common Pleas.

PRETRIAL SERVICES 2009 REPORT

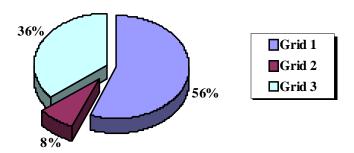

This year the Summit County Pretrial Services program continued to promote pretrial justice through the utilization of a validated risk assessment that is based on a comprehensive investigation of nine indicators of risk and recommendation guidelines for bond.¹ In the event a defendant is released to the community, the Summit County Pretrial Risk Assessment Instrument (SCPRAI) accurately predicts the likelihood that a defendant would fail to appear for court and/or be rearrested pending trial.

In 2009, Pretrial Services completed 4,366 investigations. Approximately 30% of those defendants investigated, were release to the Pretrial Supervision Program, operated by Oriana House, Inc. The successful closure rate for those defendants released to the program was 87% in 200. Nearly 2,400 drug screens were completed of which 86% were negative. For defendants that were on supervision 6% were closed due to failure to appear and 7% due to a new offense or failure to comply with the program.

PSYCHO-DIAGNOSTIC CLINIC 2009 ANNUAL REPORT

The Psycho-Diagnostic Clinic is one of eleven certified forensic centers funded by the Ohio Department of Mental Health to provide evaluations and testimony pursuant to Ohio Revised Code, Sections 2945.37 through 2945.40, to eleven specific regions of the state of Ohio. The Clinic is the forensic center certified by Ohio Department of Mental Health to serve the Common Pleas Courts of Summit, Stark, Portage, Medina and Geauga Counties. The Clinic also provides other statutory evaluations to Summit County Common Pleas Court and to other courts in Summit County through limited funding by the County of Summit Alcohol, Drug Addiction and Mental Health Services Board. These have included Intervention in Lieu of Conviction, Mitigation of Penalty and Post-sentence evaluations for Summit County Common Pleas Court and a range of evaluations for Akron, Stow, Barberton and Medina Municipal Courts. Evaluations are occasionally provided to other courts in the five-county area on a fee-for-service basis.

The Psycho-Diagnostic Clinic is directed by a clinical psychologist, and is staffed by a part-time psychology resident, doctoral students in clinical psychology, a forensic mental health specialist, consulting psychologists, and a consulting psychiatrist. Clinic examiners are profiled in **Table 1**.

COURT ORDERED EVALUATIONS

The Clinic conducted 368 court-ordered evaluations in 2009. Fifty-eight percent (58%) of these evaluations were provided for Summit County Common Pleas Court. Twenty-three percent (23%) were ordered by Stark, Medina, Portage and Geauga County Common Pleas Courts. Sixteen percent (16%) of Clinic evaluations were completed for Municipal Courts in Summit County. Three percent (3%) of the evaluations were completed for other courts the Clinic serves on a fee-for-service basis. Clinic referrals by referral source over the past ten years are summarized in **Table 2**.

Table 3 contains a breakdown of referrals to the Clinic by referral issue over the past ten years. The primary referral issues the Clinic is ordered to address are Competency to Stand Trial (57% of referrals), Sanity at the Time of the Act (25% of referrals), and Commitment and Non-secured Status of defendants found Not Guilty by Reason of Insanity or Incompetent-Nonrestorable committed under court jurisdiction (6% of referrals), and MI/MR Probationer (3% of referrals). The Clinic also conducted Mitigation of Penalty or Post-Sentence evaluations (9% of referrals) during 2009.

In 2009, the Clinic did not conduct Intervention in Lieu of Conviction evaluations, which were referred under Ohio Revised Code Section 2951.041. The evaluations were completed by the Adult Probation Department.

RESEARCH AND TRAINING

The Clinic continued to collaborate in research and training activities with the Kent State University Department of Psychology, the Ohio Department of Mental Health, and the Northeastern Ohio Universities College of Medicine (NEOUCOM) in 2009. Two doctoral

students from the American Psychological Association (APA)-approved training program in clinical psychology at Kent State University, and one post-doctoral psychology resident, provided services under supervision in 2009. Research collaboration with Kent State University and data collection on the MMPI-2-RF were continued in 2009.

Four psychiatry residents from the Northeastern Ohio Universities College of Medicine Psychiatry Residency program served forensic rotations at the Clinic as part of their training. These future psychologists and psychiatrists provide service to the Clinic and the Courts while receiving valuable professional training.

JURY MANAGEMENT

Each year, on the first working Monday of August, the Summit County Court of Common Pleas Jury Commissioners perform the annual Jury Draw. Potential jurors are selected from the voter registration list as certified by the Board of Elections from the preceding general election. The annual draw is performed pursuant to O.R.C. Section 2313.06 et seq. Prior to performing the draw, the Presiding Judge designates by order, the number of jurors to be summoned for each court jurisdiction in Summit County, that being Common Pleas Court and Akron, Barberton and Stow Municipal Courts. Furthermore, the Jury Commissioners also draw jurors for Grand Jury pursuant to O.R.C. Section 2313.06 et seq.

From the annual jury list, jurors are drawn for each of the four-month sessions of court within the jury year pursuant to O.R.C. Section 2313.19 et seq. The sessions commence on the first working Monday of September, January and May. The Jury Commissioners, in the presence of the Presiding Judge, the Sheriff and the Clerk of Courts, draw the number of jurors previously designated for that session by the Presiding Judge. Upon completion and recording of the session jury lists, the jurors are summoned, using a one-step summons and questionnaire.

Jurors who receive summonses are asked to return the questionnaire portion providing a certain amount of information. The questionnaire also provides jurors with an opportunity to notify the court that they are eligible for an exemption pursuant to O.R.C. Section 2313.12. Any person eligible for an exemption may waive that exemption. Depending on information provided by the jurors, they may also be excused for a limited number of reasons pursuant to O.R.C. Section 2313.16. The Jury Commissioners are solely responsible for determining which jurors' exemptions are valid and which jurors may be excused.

Effective December 1, 2009, payment of petit juror fees was suspended for the first ten days of service due to limited funding in the County's operating budget. Parking for jurors reporting for Common Pleas Court and Akron Municipal Court jury service is validated at the parking decks noted on their summons and in the pamphlet they receive. Petit jurors who serve more than ten days are paid \$15.00 on the eleventh day and each subsequent day thereafter.

In May 2008, a new Jury Service Orientation DVD was produced.

Since June 6, 2006, jurors have had the convenience of using either our call-in system or our website to access the juror reporting information each evening.

As of October 28, 2002, jurors for Common Pleas Court and Akron Municipal Court service receive an informational brochure included with their summons. This brochure helps to answer many of the commonly asked questions by jurors prior to beginning their service, such as how they are chosen, where to park, appropriate attire, etc.

Beginning May 4, 1999, Grand Jury Service was reduced to a two-month session to ease the burden on people called and to get more county residents involved in the justice system. The process for selecting the Grand Jury from the pool of jurors summoned for each session is governed by Crim. R. 6. Once the Grand Jury is selected, those jurors now serve for two months.

In September 1998, the term of service for Petit Jurors was reduced to one week or one trial. This was done in order to make jury service less of a hardship and to increase participation, due to the recent changes to legislation governing excuses and exemptions. For the 2008-2009 jury year, 40,000 jurors were drawn for Summit County, 10,000 for Akron Municipal Court, 5,000 for Barberton Municipal Court and 6,000 for Stow Municipal Court. These jurors are then divided equally among the three sessions of court and summoned to one week of service within the fourmonth session to which they were selected.
