FELONY DRUG COURT 2012

The Summit County Felony Drug Court (SCFDC) is an innovative program available to felony drug possessions/abuse offenders countywide, taking offenders from all three Municipal Courts within the county - Akron, Barberton, and Stow. This program is intended to swiftly introduce drug possession/abuse offenders to drug treatment with continuing judicial involvement to increase the likelihood of rehabilitation and reduce the likelihood of recidivism. It is a collaborative effort among the courts, prosecutor's office, law enforcement, defense attorneys and treatment providers to provide offenders with mandatory treatment, increased supervision and coordinated use of community resources with the following goals in mind:

1. Consolidate service delivery to Summit County Felony Drug Court clients.
2. Reduce the incidence of substance abuse among the adult felony offender population of Summit County.
3. Reduce recidivism among drug possession/abuse offenders and contribute to community safety.
4. To provide the courts with another sentencing option to serve the needs of the felony offenders in Summit County in order to reduce the use of state prisons and local jail facilities.
5. To enhance the education level of the adult felony drug offender population.
6. To increase the rate of employment among adult felony drug offenders.
7. To enhance the participant's ability to function in the community.

This post-adjudication program continues to experience strong participation with 73 new intakes and an average of 151 active cases in 2012.

MEDIATION

In June of 1998, the Court began to offer court-sponsored mediation to parties who have filed suit in Common Pleas Court under the direction of Frank Motz, Chief Court Mediator. Cases are mediated as assigned by the General Division Judges. Cases that can be assigned to mediation include personal injury, business disputes, workers' compensation, foreclosure, quiet title, and non-payment of student loans. Cases can be selected by the assigned judge or can be sent to mediation because all of the parties have consented. In 2012, 665 cases were settled after referral to mediation.

ADULT PROBATION 2012

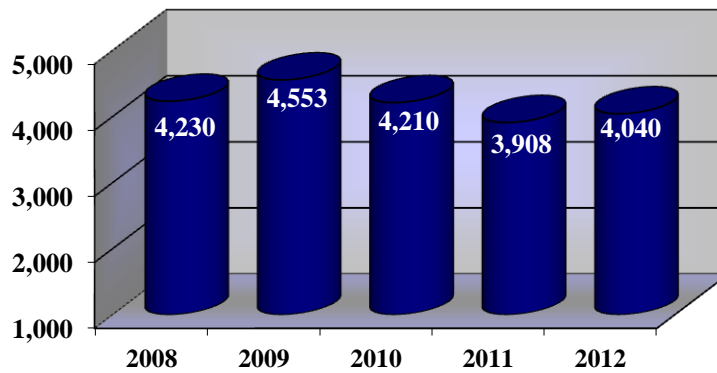

MISSION STATEMENT

As a major partner in the justice system and a functional component of the Common Pleas Court, the Summit County Adult Probation Department strives to hold offenders accountable while promoting rehabilitation for positive behavioral change. Our mission is to reduce recidivism and the impact of crime on victims and the community through the use of services proven effective in Evidence Based Practices.

SUPERVISION

The number of offenders under supervision at the Adult Probation Department at the end of 2012 was 4,040 compared to 3,908 in 2011.

DEMOGRAPHICS FOR OFFENDER POPULATION

During 2012, a number of cases were referred to the Adult Probation Department. The demographic information for those case placements is as follows:

FELONY AND MISDEMEANOR

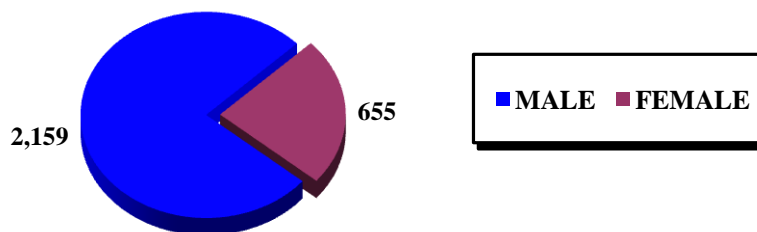

During 2012, 2,814 cases were referred to the Adult Probation Department. Of those cases 2,382 were felony level convictions. Additionally, there were 203 misdemeanor cases assigned to the Adult Probation Department for supervision. There were 229 cases undetermined.

Demographic information for 229 undetermined cases was not available. These cases were courtesy supervision cases and non-conviction cases. Due to that factor our current case management system does not track those particular cases.

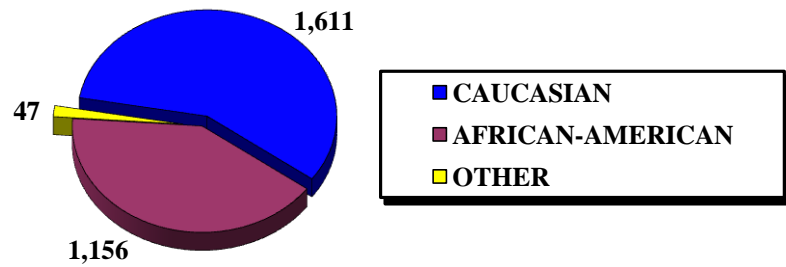

BY GENDER

In regards to Gender, there were 2,159 males placed on supervision in 2012. By contrast, the Court referred 655 females for supervision.

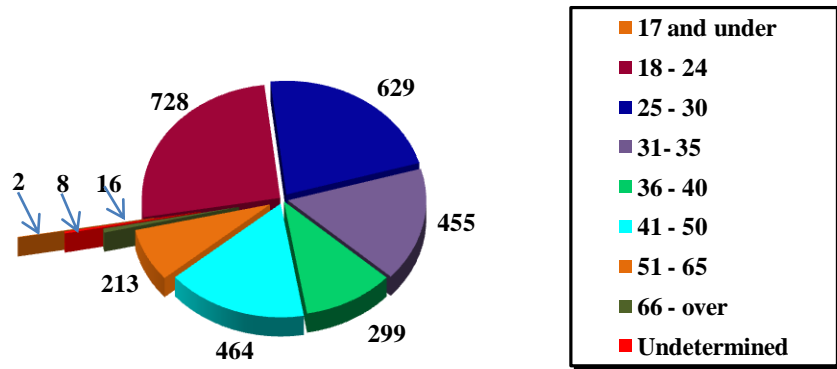

BY RACE

Caucasian referrals numbered 1,611 while African-Americans accounted for 1,156 of the offenders placed on supervision. There were 47 placements of various ethnicities, such as Hispanic or Asian descent.

OFFENDERS BY AGE

The following is a breakdown of Offenders by Age for 2012:

INTENSIVE SUPERVISION UNIT (ISP)

The Intensive Supervision Program (ISP) is a state funded program that was provided to the Adult Probation Department in 1990 as an alternative to prison incarceration. In 2012, 261 felony offenders were diverted to ISP. The ISP continues to consist of one (1) supervisor and four (4) probation officers.

During 2012, there were 205 terminations from the ISP Unit. The following table contains the details of those Terminations.

Successful Terminations: Reduced to Basic Supervision (42) Released from Community Control (28)	70
Unsuccessful Technical Violations	68
Unsuccessful New Felonies	12
Unsuccessful New Misdemeanors	0
Administrative Releases	41
Terminations designated as Other	14
TOTAL	205

TERMINATION OF SUPERVISION AND SENTENCING STATISTICS

During 2012, there were 845 supervision cases that were closed due to expiration. An additional 413 cases were closed due to early termination, 105 graduated from reentry court and 26 closed for other reasons. Of the 91 administrative closings by the Court, 33 were returned courtesy supervisions, 25 were closed due to death and 33 were closed for other reasons.

As a result of non-compliance with graduated sanctions sometimes the end result has been incarceration at the Ohio Department of Rehabilitation and Corrections for some offenders. In 2012, 431 cases were unsuccessfully terminated due to incarceration. Of these, 212 were due to new felonies, 21 for new misdemeanors, 185 for technical violations, 4 for warrants and 9 for other reasons. The Department also had an additional 662 supervision cases unsuccessfully terminated that were not incarcerated in prison. Of these 662 cases, 64 were terminated due to new felonies, 7 for new misdemeanors, 64 for technical violations, 506 for warrants and 21 due to other reasons.

PRE-SENTENCE INVESTIGATION UNIT

The Pre-Sentence Investigation Unit writes all Pre-Sentence Investigation Reports for the Court. Currently, there are five PSI writers in the unit. These writers do not carry a caseload and concentrate solely on the writing of the Pre-Sentence Reports. There is one Sex Offender Writer and one Domestic Violence Writer within the Pre-Sentence Investigation Unit. The Domestic Violence Writer had duties expanded at the end of 2011 with the addition of the Domestic Violence Court, also conducting screenings for the new program, as well as supervising some of the offenders placed in that program.

The Pre-Sentence Investigation Report consists of circumstances of offense, prior criminal history, social history and impressions/recommendations. When required, the report also includes a victim impact statement. The reports are researched and written using collateral sources such as law enforcement agencies, employment records, medical records and educational records.

In 2012, the Pre-Sentence Investigation Unit completed 599 Pre-Sentence Investigation Reports. There were 45 Domestic Violence Pre-Sentence Investigations and 41 Sex Offense Pre-Sentence Investigations included in those completed reports. The Domestic Violence Court Screens totaled 141.

VICTIM IMPACT STATEMENTS

The Adult Probation Department completes Victim Impact Statements when Court ordered or when the victim is clearly identified and information is obtainable. In 2012, our writers completed 390 Victim Impact Statements.

FELONY DUI SUPERVISION

In 2012, the Felony DUI Unit supervised 18 offenders, four of which were new cases. Of these offenders, 13 were male and five were female. These offenders are required to maintain weekly contact via email, mail, or telephone and report in person once a month. They also submit random urine drug screens testing for alcohol and drugs, attend 12-step/self help meetings, and are subject to alternate sanctions and treatment. During 2012, one female successfully completed supervision while all other offenders remained active. In the upcoming year this unit will continue to monitor offenders on a weekly basis and monitor compliance with the above.

DOMESTIC VIOLENCE UNIT

The Adult Probation Department has specialized supervision of domestic violence offenders in conjunction with grant monies, provided by the Summit County Prosecutor's Office, through the Federal Grants to Encourage Arrest Policies and Enforcement of Protection Orders Program. Supervision of these offenders is accomplished through frequent contact with the supervising probation officer, participation in a Batterer's Prevention Program or other appropriate counseling and treatment programs and victim contact by the probation officer.

As of December 31, 2012, 283 domestic violence category offenders were under the supervision of General Supervision Probation Officers and the Domestic Violence Unit Specialist Officer. Officers had over 5,800 contacts with offenders in the office, by phone and in the field. During 2012, 100 offenders successfully completed supervision. Officer Kelli Anderson and the Pre-Sentence Investigation Unit completed 97 specialized reports on domestic offenders.

In October 2011, the department began a new initiative in conjunction with the Honorable Paul J. Gallagher and the Summit County Prosecutor's Officer. Judge Gallagher is presiding over the first felony level Domestic Violence Court in the State of Ohio. Under this model, Officers David Siko and Kelli Anderson screen high risk offenders for placement in an intensive supervision and treatment program. One of the officers attempts to interview all victims at the time of their Grand Jury appearance using a domestic violence risk questionnaire. A risk tool is then completed on each defendant.

These cases are reviewed by the Prosecutor's Office, the Probation Department, a Victim Advocate and Judge Gallagher with consultation with the defendant's attorney for placement in Domestic Violence Court supervision. If chosen for the Court, offenders see Judge Gallagher on a weekly basis as well as weekly contact with the Probation Officer. As offenders progress through the program, these meetings become less frequent. The victim advocate and the probation officers are maintaining contact with the victim during this period of supervision. Summit Psychological Associates is conducting a new 52 week Domestic Violence Conflict Resolution Program which is mandatory for all offenders to attend.

As of December 31, 2012, we have conducted 97 evaluations and have 57 participants. The first year resulted in 63 offenders assigned to the Court with six individuals terminated: Three for new domestic violence offenses, one for a technical violation of offensive conduct against the victim, and two for new non-DV criminal behaviors.

KIOSK PROGRAM

In the Fall of 2011, the Courts and the Probation Department were awarded a *technology grant*. A portion of this grant allowed for the implementation of a "kiosk" reporting system. The Probation Department, the General Division Computer Department and Proware embarked on the journey to create a kiosk reporting system in a "kickoff" meeting on March 27, 2012. After the kickoff meeting, the Probation Department, Computer Department and Proware held telephone conferences approximately every two weeks culminating in the implementation of the first "live" report to a kiosk machine by an offender on August 21, 2012.

Kiosks are currently located in four strategic locations throughout the county: Stow Municipal Court Lobby, Barberton Police Lobby, Akron Police Lobby and the Urban Ounce of Prevention located on South Hawkins Avenue. A fifth kiosk will be added to the program in early 2013. Kiosk reporting is designed for low risk offenders and the program accommodates approximately 300 probationers.

Kiosk reporting provides a reporting means for low risk offenders that serves as a step down and/or incentive for an offender displaying a positive adjustment to supervision and worthy of the considerations associated with being granted the ability to report to a kiosk.

Some of these considerations are less frequent reporting, availability of alternative reporting hours, decreased waiting time in a traditional waiting room setting as well as relieving the offender of the costs of parking.

Moreover, the more significant benefit of kiosk reporting is relative to the benefits realized by general supervision officers and the Courts. By reassigning approximately 300 offenders to one kiosk supervising officer, the balance of general supervision officers have been afforded the opportunity to spend more quality time with the balance of their offenders. This quality time is of ultimate benefit to the county as well as the State through a decrease in recidivism. The underlying philosophy is that if a general supervision officer can dedicate more time to the needs of offenders of moderate and high risk – these increased efforts along with the department's utilization of Evidence Based Practices - resulted in a decrease in recidivism.

MENTAL HEALTH UNIT

The purpose of this unit is to supervise individuals diagnosed with a severe mental illness that hinders their ability to function on a daily basis. Collaborative efforts have continued to be maintained with the Summit County Jail Behavioral Health Unit, C.I.T. and the mental health agencies in the community to meet the needs of this specialized population with the help of the Alcohol, Drug and Mental Health Board of Summit County.

The Courts have created a protocol to monitor the severely mentally ill offenders which, in part, includes regular court appearances for additional accountability. Lastly, said clients are being identified earlier in the court process and tracked throughout in order to better meet the needs of this population.

The Mental Health Unit consists primarily of two probation officers whose caseloads are determined by the level of functioning of the individual. This results in a smaller caseload for the officer to deal with those requiring more intense monitoring. The specialized officers supervised a total of 252 mental health cases with 133 new offenses assigned to this unit in 2012. Furthermore, there were 64 successfully released from supervision.

SEX OFFENDER UNIT

Probation Officers Colin Meeker and Scott Scislo currently supervise the Sex Offender caseload. The purpose of this unit is to supervise individuals convicted of any sexually related offense, while assuring the compliance of the Adam Walsh Act and Megan's Law, as well as ensuring the safety of the victims and the community.

During 2012, the Sex Offender Specialists teamed up with local law enforcement agencies such as the Adult Parole Authority, the United States Marshals Service, Akron Police Department, and the Summit County Sheriff's Office as well as treatment providers such as Summit Psychological Associates, Inc. and Portage Path Behavioral Health and the Oriana House to assure compliance.

The intensive nature of the Sex Offender Unit requires frequent contacts with offenders. In 2012, the Sex Offender Unit conducted 1,195 field visits to offenders' residences to ensure offenders were living at their registered addresses and to ensure that they were in compliance with their probation conditions. In 2012, the Sex Offender Unit made 1,975 collateral contacts which can include, but are not limited to contact with offender's families, contact with an offender's employer or contact with an offender's treatment provider.

The Sex Offender Unit also monitors offenders' compliance via office and telephone contacts. During 2012, the unit conducted 1,211 office contacts and had 797 telephone contacts with offenders. At the end of 2012, the Sex Offender Unit supervised 100 offenders.

Continuing education is vital to the supervision of sex offenders, therefore the Sex Offender Unit completed numerous hours of sex offense specific training. The Sex Offender Unit also conducted a number of trainings during 2012 to train treatment providers and the public on issues related to sex offender treatment, registration, and supervision.

In June 2012, the Sex Offender Unit assisted the Summit County Sheriff's Office in verifying the addresses of over 350 registered sex offenders. Of the 350 registration checks, it was found that 26 offenders were not living at their registered addresses and they were returned over to the sheriff's office for investigation for new charges.

COMMUNITY SERVICE

405 new referrals were accepted into the Community Service Program, interviewed by the Coordinator, placed in an appropriate agency and monitored through completion.

The statistics are as follows:

Court Ordered Sanction:

Probation Department: 26 clients
Terminated unsuccessfully: 10

Reentry Court: 15 clients
Terminated unsuccessfully: 4

Community Service in Lieu of Paying Court Costs and/or Probation Fees:

Probation Department: 307 clients
Completed successfully: 183

Reentry Court: 41 clients
Completed successfully: 15

Drug Court: 16 clients
Completed successfully: 8

The total number of community service hours worked in lieu of paying Court Costs and Probation Fees were 41,224 hours. At a base rate of \$8.00 per hour, this figure is equivalent to \$329,792.

One client was waived due to medical conditions, eight clients chose to pay off costs after being placed in an agency. Three clients were referred to the Court that were not on probation and thus supervised by the Community Service Coordinator.

18 new agencies were recruited and agreed to accept community service workers, for a total of 150 agencies.

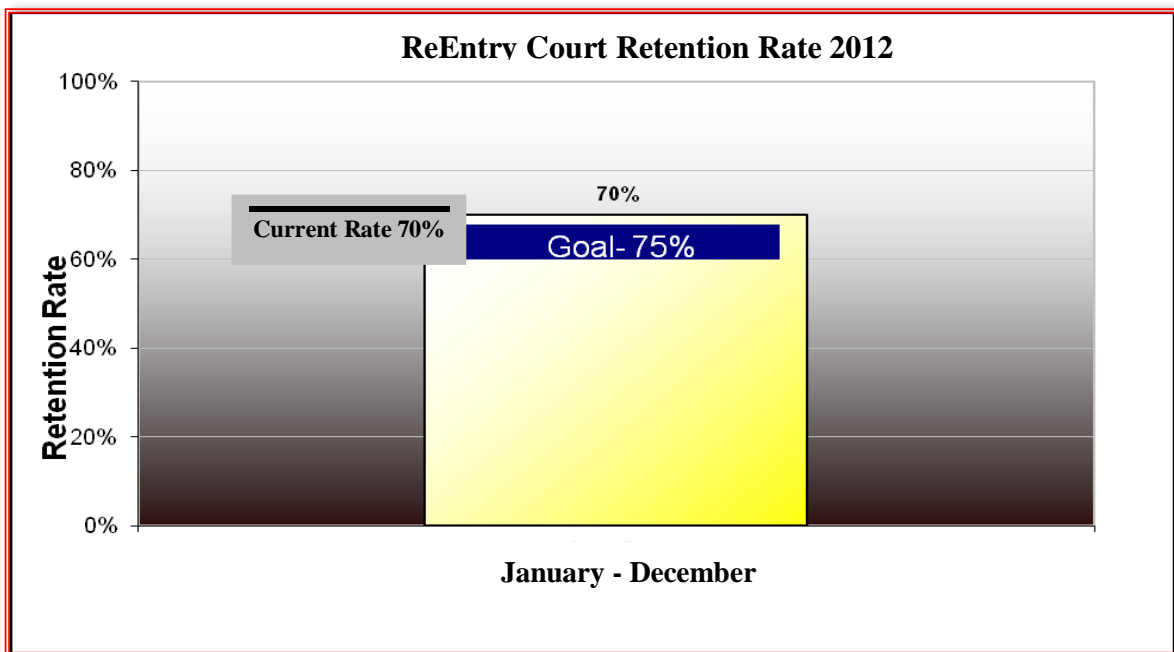

REENTRY COURT

The Reentry Court is a collaborative effort among the Court of Common Pleas, the Adult Probation Department and the Oriana House. To enter the program, an offender or their attorney submits a letter/motion to the Court expressing a desire to be considered for the Reentry Court Program.

The Court then makes a decision to bring the offender back for Judicial Release/Reentry Court consideration. Once the person is ordered to be returned, he/she is screened by a Probation Officer using the Ohio Risk Assessment System - Supplemental Reentry Tool (ORAS-SRT).

If granted Judicial Release into one of the four Reentry Courts, the offender is either released from custody or transferred to a residential facility operated by the Oriana House, depending on their ORAS-SRT risk level. Clients are then assigned a Reentry Court caseworker, through Oriana House, who helps them throughout the program. They meet with their caseworker on a regular basis and are required to submit random/frequent alco-sensor tests and urine drug screens. Their caseworker initiates their programming and monitors compliance while they are in the program. Clients appear in court on a regular basis for progress reviews, sanctions, or when they graduate from the program. Clients can expect to graduate from the Reentry Court Program in about one year unless they run into sanctions, which can prolong their placement.

The Summit County Reentry Court Program has a current retention rate of 70 percent. In 2012, there were 270 clients in the program and 73 successful graduations. The participating Reentry Court Judges were the Honorable Lynne Callahan, the Honorable Judy Hunter, the Honorable Alison McCarty and the Honorable Elinore Marsh Stormer.

LAW ENFORCEMENT AUTOMATED DATA SYSTEM (L.E.A.D.S.)

Terminal Agency Coordinator (TAC) Michelle Kocian compiled the following statistics:

- Official LEADS input and output data for our agency was only available from August 26, 2012, to December 31, 2012. An Ohio State Highway Patrol representative advised a switch to a new format on August 26th and all data prior to that date was lost. The verified information for four months was multiplied by three, to give an estimate for the entire year.

Using this formula, TAC (Terminal Agency Coordinator) Kocian ran 7,680 LEADS requests at the terminal in Room #206. 19,194 requests were run by other LEADS operators (including Pretrial) in Room #221. A total of 56,556 criminal history and BMV records were then distributed to the Probation Officers, Court Officials, and to the Psycho Diagnostic employees who had requested them.

- Pretrial LEADS operators (terminal located in the Summit County Jail) made 20,346 request inquiries, and received 40,233 criminal and BMV records back. (This is approximately 1,000 more requests than in 2011.)
- An audit was conducted by a LEADS representative from Columbus on May 30, 2012. Our agency was found to be 100% compliant.
- BCI requires that all LEADS operators and employees in the Computer Department be fingerprinted. Seven employees needed to have this done. Arrangements were made for Donna Simone, Tom McLaughlin, Helen Rogerson, Michelle Fought, Katie Caprita, Brian Kuts, and Jay Chapman to be fingerprinted, and the results were sent to BCI.
- Two employees were trained and certified to become LEADS operators: Tom McLaughlin and Shannon Weitzel, for a total of 18 operators.
- Seven employees were trained as Practitioners: Ashley Szabo, Leslie Hiebing, Maria Barnes, Marc Coletta, Katie Smith, Anthony Tarescavage, and Bethany Derflinger.
- Seven LEADS operators passed their bi-annual recertification tests: Lee Runkle, Michelle Kocian, Kelly Bowen, Paul Cieslinski, Brian Hawes, Helga Keller, and Martha Beitel.

- Michelle Kocian attended the annual TAC training on May 15, 2012, held in Richfield Ohio.
- LEADS Security Policy (Columbus) and the Court's Security Policy and Procedure were revised in March 2012. All LEADS operators and the Court's Computer Department were trained in security awareness, and provided with updated material and information. In addition, all Probation officers were given an updated copy of the Court's updated LEADS Security Policies and Procedures.
- All training materials such as the quarterly LEADS Newsletters and the annual TAC training information were circulated to the operators. All training is documented in the LEADS Training Records Book, as well as the "read and sign" document attached to each new piece of information.
- The LEADS Practitioner Training Manual and the LEADS Operator Training Manuals were updated, and are available in Room #221 and at the Pretrial Jail office.

SEALING SPECIALIST

The Sealing Specialists are responsible for the processing of all sealing applications filed with the Clerk of Courts. The Sealing Specialists schedule and conduct all interviews with sealing applicants and perform all the required research before a written report is prepared for the Court. The guidelines and criteria associated with a sealing request are specifically outlined in the Ohio Revised Code. In 2012, there were 301 applications filed with the Clerk. The Departmental Sealing Specialists completed 316 reports.

INTERVENTION IN LIEU OF CONVICTION (IILC)

Offenders are granted Intervention in Lieu of Conviction after being found in danger of being drug dependent, chronically mentally ill, or as otherwise defined in House Bill 86. These individuals are ordered by the court to comply with mandated treatment and upon the successful completion, as defined by the Ohio Revised Code, the offenders are eligible for the dismissal of their pending charge.

The IILC unit consists primarily of two probation officers who supervised a total of 341 cases in 2012. The unit had 264 new referrals and 154 terminations of which 109 were successful during the same year.

RISK ASSESSMENTS

During 2012, the Summit County Adult Probation Department experienced many changes due to the implementation of Evidence Based Practices. In March 2012, an Intake Officer position was created. The purpose of this position was to complete a Risk Assessment on all new offenders placed on Community Control that did not already have a Risk Score. In November 2012, there were two additional officers added to the intake process and all new offenders, without a risk score were directed to complete a full assessment within five days of sentencing.

Once a Risk Score is determined, cases are assigned to a probation officer according to the Risk Level. Since the expansion of the Intake Unit, this department ceased using the prescreener due to the limited information that is obtained from this instrument. Lastly, Risk Assessments are conducted during the Pre-Sentence Investigation process in those cases where one is ordered. There were 1,152 prescreeners and 1,554 full assessments completed during the 2012 calendar year.

QUALITY AND OUTCOME IMPROVEMENT COMMITTEE

The Quality and Outcome Improvement Committee was formed in 2008 for the purpose of integrating the use of Evidence Based Practice to improve the quality of services provided to probationers, the Court and community. The goals of the committee are to reduce recidivism and increase public safety as well as improve the overall efficiency and effectiveness of the Probation Department. In 2012, the committee underwent a retooling and consisted of 12 volunteer members, including two Co-chairs, Probation Officers,

Support Staff and Unit Supervisors, who formed five subcommittees: Motivational Interviewing (MI), Rewards, Supervisor Consistency, Programming and Ethics and Field Safety.

The Committee changed its focus to Motivational Interviewing trainings and started 'Thinking For A Change' classes, Rewards, Ethics Training, Field Safety Training and ways to get consistency with supervision. Due to the fact that this change occurred closer to the end of 2012, the work is still ongoing through 2013.

2012 Committee:

Co-Chairs: (2009-present): Paul Cieslinski and Cynthia Schwarz

THE BRENDA BURNHAM UNRUH EMPLOYMENT READINESS PROGRAM

Program Developers/Facilitators: Michelle Fought, Cindy Schwarz, Rebecca Shepard, Stacy Smith

Consultant: Terry R. Strubbe, Probation Department Supervisor.

This class focused on individual assistance with employment readiness skills, building self esteem and life skills.

Subject matter included education and training opportunities, knowing your skills, physical appearance presentation and behavior, job searches, community and online resources, applications and resumes, interviewing skills and mock interviews, addressing felony convictions with potential employers and job retention. On a weekly basis, job leads were distributed to participants who were eligible for the Cooperative of Felon-Friendly Employers (COFFE!) program. Approximately one-third of the class was employed upon completion of the program.

The Women's Life Skills portion of the program addressed Basic Banking Skills, Women's Recovery Issues, Healthy vs. Unhealthy Relationships, Domestic Violence, the Federal Bonding program (offers potential employers a type of insurance, protecting them from possible damage or thefts caused by any "at risk" hire), Title Twenty (Child care offered through the DJFS) and Child Care options, the Workforce Investment Act (WIA), the Work Opportunity Tax Credit (offering up to \$2,400 tax credit for each felon hired), Women's Issues and Successful Completion of Probation.

Scheduled speakers included Matt Nutter (Key Bank), Larry Schaffner (Summit County Public Library), Donna Simone (MIS Department), Elaine Cherry (Probation Officer), Monica Siko (Human Resources Department), Evelyn Stokes (Department of Jobs and Family Services/Job Center), Maureen Keating (Community Health Center), Ebony Williams (Department of Jobs and Family Services), Denny Wilson (Community Housing and Walmart Human Resource Director).

SUPPORT STAFF AND DNA COLLECTION

Support Staff had two secretaries leave the Adult Probation Department in 2012: Nancy Palmer left in September and Barbara Killian retired in October. One new secretary started in December 2012: Staci Board.

Support Staff accepted the following additional responsibilities for 2012:

- Entering the demographic information into Gateway.

Karyn Rogers, Lee Runkle, Martha Beitel, Linda Backer and Jackie Shannon are Support Staff LEADS Operators. Two of the secretaries were recertified as LEADS Operators in 2012.

The following LEADS statistics are from August 26, 2012, to December 31, 2012. LEADS statistics are not available prior to this time. Per documentation from records compiled in Columbus, operators using the LEADS terminal located in Office 221, made 26,874 inquiries and received 40,635 criminal and BMV records back.

The information was requested by and furnished to the Probation Officers, Court Officials, Reentry Court and Psycho-Diagnostic Clinic. These figures represent an estimate of around 103 LEADS run per day.

Between January 1, 2012, and December 31, 2012, Support Staff helped to enter 11,224 Urine Drug Screens onto the Drug Test tab in SCORS (Summit County Online Record System).

Ohio law requires that all persons convicted of a felony and/or a qualifying misdemeanor submit a sample of their DNA to the Bureau of Criminal Identification (BCI). Intake personnel perform DNA tests Monday through Friday, from 8:30 a.m. until 3:00 p.m., from any and all person(s) reporting to Intake for the first time, who meet the criteria and have not previously submitted DNA.

Intake Secretary Chris Hartman performs the majority of the DNA tests with the help of Karyn Rogers and Jackie Shannon.

In 2012, a total of 439 samples of DNA were collected at Intake.

SATURDAY REPORTING

The number of offenders who reported on Saturdays during 2012 was 152. There were 136 who reported as scheduled (73.2%), 48 who did not report and 16 who reported and were not scheduled.

INTERNS

The Adult Probation Department makes regular use of college interns. Students from The University of Akron and Kent State University worked as interns with the department in 2012. The department supports and encourages these college interns by exposing them to all aspects of Offender Supervision. We have two to three students each semester. Three officers in the department were interns through this program prior to being hired by the Court of Common Pleas and we have had a number of students who have contacted us when they have gone to work with other local corrections agencies. Officer Renee Cooper is the Intern Coordinator.

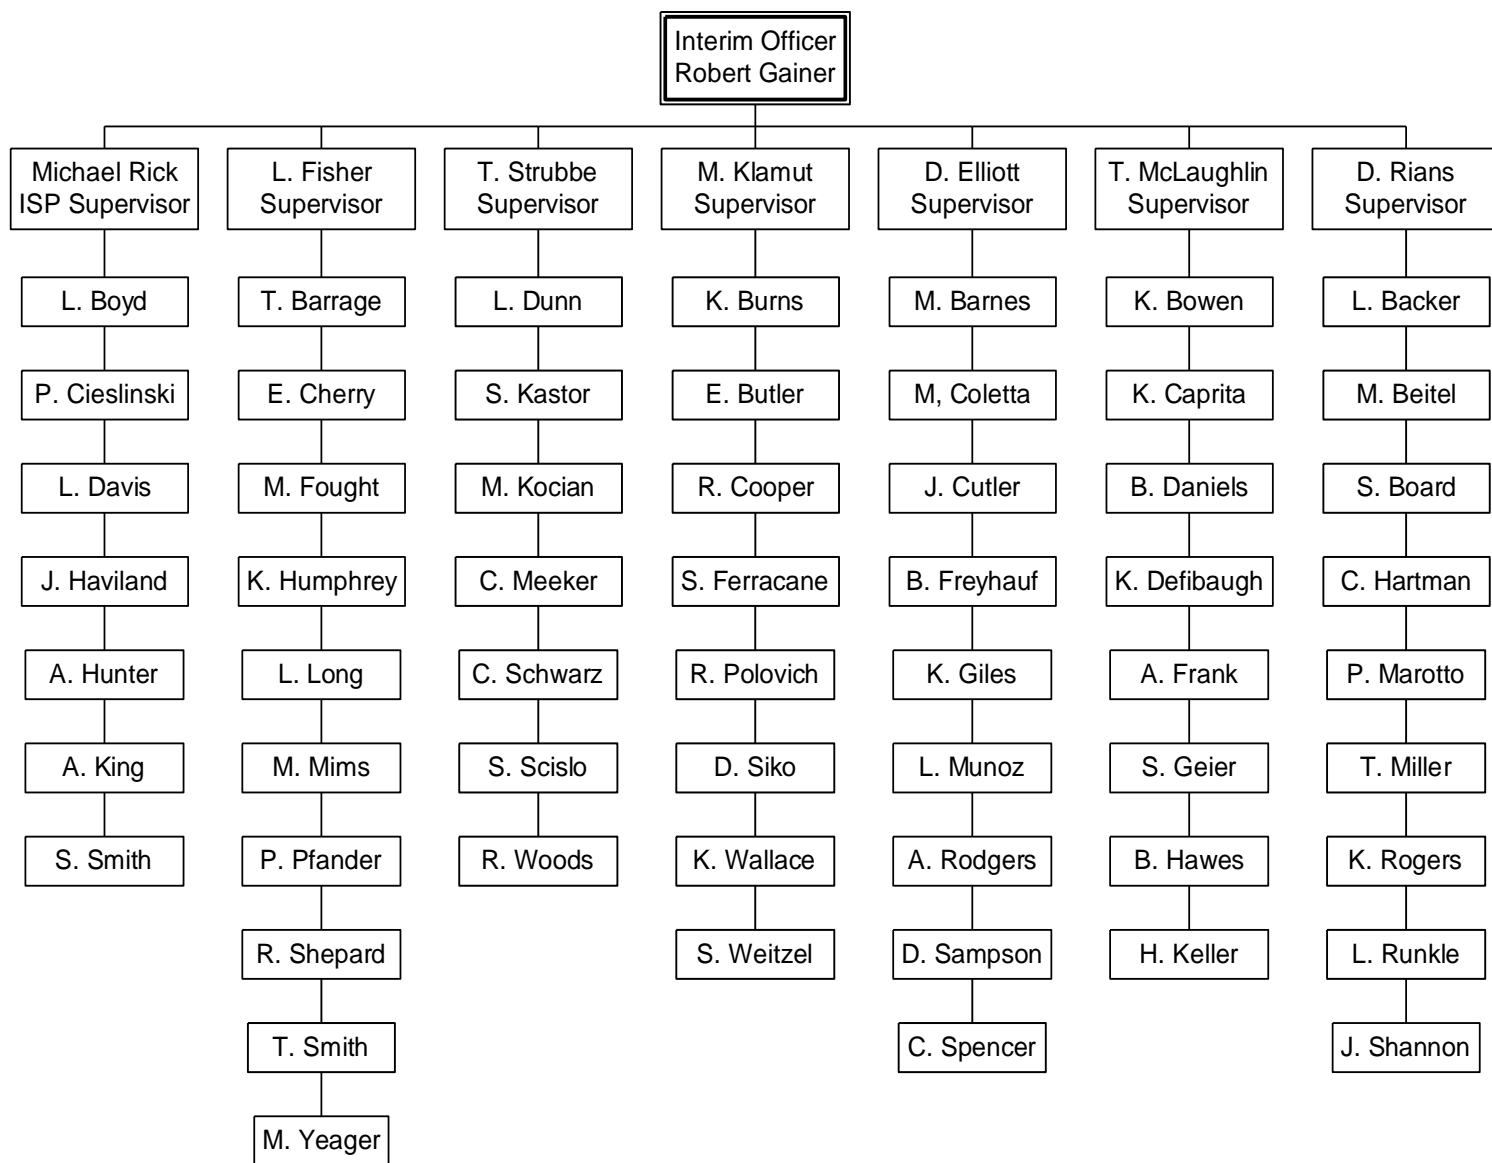

SUMMIT COUNTY ADULT PROBATION PERSONNEL

At the end of 2012, the staff of the Adult Probation Department consisted of the following personnel:

Pretrial Services 2012 Summary

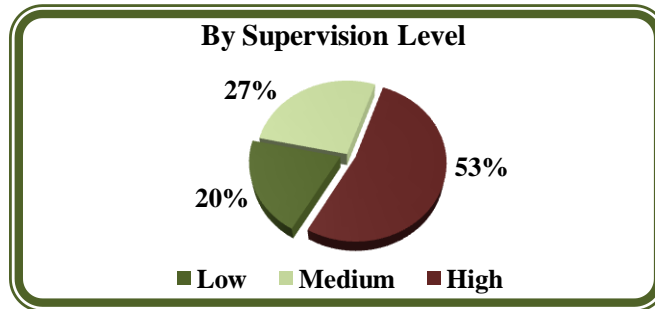

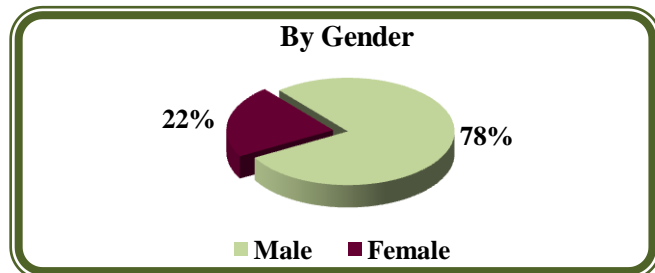

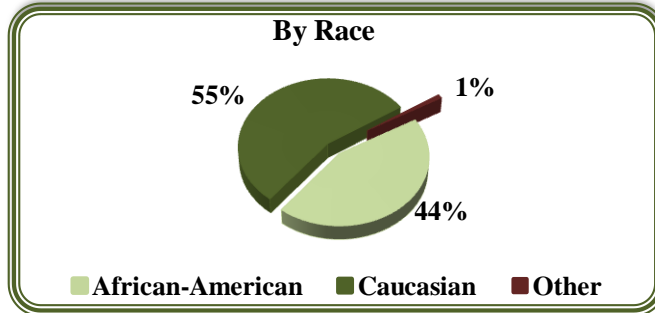

This year the Summit County Pretrial Services program continued to promote Pretrial justice, and reduce jail overcrowding, through the utilization of a validated risk assessment that is based on a comprehensive investigation of nine indicators of risk and recommendation guidelines for bond.¹ In the event a defendant is released to the community, the Summit County Pretrial Risk Assessment Instrument (SCPRAI) accurately predicts the likelihood that a defendant would fail to appear for court and/or be rearrested pending trial.

In 2012, Pretrial Services completed 3,931 initial investigations and 197 bond reviews. Approximately 35% (1,390) of defendants investigated were placed on Pretrial Supervision as a condition of bond. The supervision component of bond is subcontracted to Oriana House Inc., under the Pretrial Supervision Program. The successful closure rate for those defendants released to the program was 78%, in 2012. For defendants that were on Supervision, 9% were closed due to failure to appear, 4% due to Technical Violations and 6% due to new charges. In the remaining 3% of the population, Pretrial Supervision was removed as a condition of bond, or the defendant was incarcerated on an unrelated case.

¹ Pretrial Justice-The honoring of the presumption of innocence, the right to bail that is not excessive, and all other legal and constitutional rights afforded to accused persons awaiting trial while balancing these individual rights with the need to protect the community, maintain the integrity of the judicial process, and assure court appearance. *VanNostrand, Marie and Gena Keebler. "Our Journey Toward Pretrial Justice" in The Journal of Federal Probation, Volume 71, Number 2, (September 2007) pp. 20-25.*

PSYCHO-DIAGNOSTIC CLINIC 2012 REPORT

The Psycho-Diagnostic Clinic has been providing quality forensic evaluations for nearly four decades. It is one of ten certified forensic centers funded by the Ohio Department of Mental Health to serve the Common Pleas Courts of Summit, Stark, Portage, Medina, and Geauga Counties. The Clinic also provides evaluations to the Summit County Court of Common Pleas and to other courts in Summit County through limited funding by the County of Summit Alcohol, Drug Addiction, and Mental Health Services Board. Evaluations are also provided to other courts in the five-county area on a fee-for-service basis.

The Clinic is proud to announce that our chief psychologist, Dr. Lynn Luna Jones, became board certified in forensic psychology through the American Board of Professional Psychology on November 9, 2012. Board certification is an additional voluntary process which demonstrates competency in a specialty area, such as forensic psychology. In order to obtain board certification through the American Board of Professional Psychology, Dr. Jones' education, training and experience were reviewed; she completed a written examination, had work samples peer-reviewed by board certified forensic psychologists and underwent an oral examination. Dr. Jones is now one of 19 psychologists in the State of Ohio to hold this certification. We are thrilled to have a psychologist of this caliber on our staff. A detailed list of all Psycho-Diagnostic Clinic staff, students, and consultants appears in [TABLE 1](#).

COURT ORDERED EVALUATIONS

The Clinic conducted 756 court-ordered evaluations in 2012. This represented a 13% increase in the number of evaluations performed in 2011, and a 24% increase in the number of evaluations performed in 2010. Seventy-five percent (75%) of these evaluations were provided for Summit County Common Pleas Court. Seventeen percent (17%) were ordered by Stark, Medina, Portage, and Geauga County Common Pleas Courts combined. Six percent (6%) of the Clinic evaluations were completed for Municipal Courts in Summit County. The remaining three percent (3%) of the evaluations were completed for other courts. Clinic referrals by Referral Source over the past three years are summarized in [TABLE 2](#).

[TABLE 3](#) contains a breakdown of referrals to the Clinic by Referral Type over the past three years. These evaluations include Competency to Stand Trial (26%), Sanity at the Time of the Act (13%), Commitment and Non-Secured Status of defendants found Not Guilty by Reason of Insanity (NGRI) or Incompetent-Nonrestorable committed under court jurisdiction (3%), and Mitigation of Penalty or Post-Sentence (Mentally Ill/Mentally Retarded Probationer) evaluations (7%) during 2012.

In 2012, 398 Intervention in Lieu of Conviction (IILC) evaluations were conducted by the Clinic, representing 53% of the total referrals. Finally, other general psychological evaluations and sex offender risk assessments represented the remaining less than one percent of the evaluations conducted this year.

RESEARCH AND TRAINING

The Clinic continued to collaborate in research and training activities Kent State University Department of Psychology, the Ohio Department of Mental Health, and Northeast Ohio Medical University (NEOMED), formerly known as the Northeastern Ohio Universities Colleges of Medicine and Pharmacy (NEOUCOM). Two doctoral students from the American Psychological Association (APA)-approved training program in clinical psychology at Kent State University provided services under supervision in 2012.

Four psychiatry residents from NEOMED completed forensic rotations at the Clinic as part of their medical training. These future psychologists and psychiatrists provide service to the Clinic and the Courts while receiving valuable professional training.
