Judge Alison M. Breaux Receives State Re-certification for Her Hope Mental Health Court

Summit County, Ohio: *The Hope Mental Health Court of Summit County Common Pleas Judge Alison M. Breaux* has earned final certification from the Ohio Supreme Court's Commission on Specialized Dockets.

To receive the certification, Judge Breaux submitted an application, underwent a site visit, and provided specific program materials in response to certification standards that went into effect in January 2014.

Ohio Supreme Court Chief Justice Maureen O'Connor congratulated Judge Breaux and her Hope Court team for receiving final certification.

"Specialized dockets divert offenders toward criminal justice initiatives that employ tools and tailored services to treat and rehabilitate the offender so they can become productive members of society," said Ohio Supreme Court Chief Justice Maureen O'Connor. "Studies have shown this approach works by reducing recidivism while saving tax dollars."

Specialized dockets are courts dedicated to specific types of offenses or offenders and use a combination of different techniques for holding offenders accountable while also addressing the underlying causes of their behavior. There are more than 210 specialized dockets in Ohio courts that deal with issues such as:

- Drugs and Alcohol
- Mental Health
- Domestic Violence
- Human Trafficking

The standards provide a minimum level of uniform practices for specialized dockets throughout Ohio, and allow local courts to innovate and tailor to meet their community's needs and resources.

"I am incredibly honored to have received the Ohio Supreme Court's ReCertification for our HOPE Mental Health Court. An enormous thank you to Mr. Vicha from the certification office for his kind and reassuring words: 'don't change a thing, you are saving lives in this court.' Together with our community partners we can continue to assist individuals struggling with mental illness establish independence and stability while successfully managing their mental health." Breaux said.

The certification requirements include establishing eligibility requirements, evaluating effectiveness of the specialized docket, and assembling a treatment team for implementing daily operations of the specialized docket. The team can include licensed treatment providers, law enforcement, court personnel, and is headed by the specialized docket judge.

The Commission on Specialized Dockets has 22 members who advise the Supreme Court and its staff regarding the promotion of statewide rules and uniform standards concerning specialized dockets in Ohio courts; the development and delivery of specialized docket services to Ohio courts; and the creation of training programs for judges and court personnel. The commission makes all decisions regarding final certification.
